

"I just received my new Fundeck 248! My first word is "WOW!" I would like to take time to thank all of you at Godfrey for answering all of my questions and for the best looking boat on the lake. It arrived on time, just as you promised. My grandchildren are thrilled, tubing and skiing all of the time. I love to see the smiles on their faces. My wife and I often use our Hurricane for entertaining, our friends love it. You have done a great job. Thanks again for the best looking boat on the lake."

The Pettits  
Tampa, Florida
