Oil-based paint	C	B	A	
Permanent marker*	B	A		
Spray paint	B	A		
Suntan lotion*	A	B		
Tar / Asphalt	C	B	A	
Yellow mustard	A	B		

***Always remove stains immediately.
Upholstery must be kept CLEAN & DRY!**

Certain household cleaners, powdered abrasives, steel wool, and industrial cleaners can cause damage and discoloration and are not recommended. Dry cleaning fluids and lacquer solvents should not be used as they will remove printed pattern and gloss. Waxes should be used with caution as many contain dyes or solvents that can permanently damage the protective coating.

*Suntan lotion, tree pollen, wet leaves, and some other products can contain dyes that stain permanently.

Do not clean with power washers, as they can generate 3500 PSI and could damage the surface of your interior. Do not use kerosene, gasoline, or acetone, as they will remove the protective marine top coat. Do not use any silicone based protectants. They will extract the plasticizer, leaving vinyl hard and brittle, and eventually cracking will occur.

Recommended Products

- Mild Dish Soap
- 303 Fabric & Vinyl Cleaner

Non-Recommended Products

- ArmorAll
- Bleach
- Baking Soda
- Fantastik
- Formula 409
- Murphy's Oil Soap
- Simple Green
- Son-of-a-Gun

Customer satisfaction is directly related to regular care of the upholstery!
