Parti Kraft

COMMANDER SERIES

2422C — With Optional Aluminum Canopy and Docking Lights

Introduce your whole family to boating on the COMMANDER

From canopy to pontoons, the Parti Kraft Commander is packed with standard equipment. With room on board for 15 and featuring a fully enclosed stern, your family will appreciate the extra storage, upholstered sunbathing deck, and quiet ride. The heavy-duty transom can handle up to 115 horse power for swift performance or just leisurely cruising.

The Commander gives you an outstanding value at a great price. The full 22" diameter pontoons make the ride smooth, soft and stable and yes you can waterski behind this big 24' Parti Kraft. Picnicing or partying, you'll enjoy this roomy, open cruiser with plush, full carpeting; comfortable, deep seats and ample storage.

Parti Kraft gives you top-of-the-line features yet keeps you within the family budget. Introduce your family to boating and a comfortable, carefree lifestyle on the water... The Parti Kraft way.

Packaged with Force Engines

All Parti Krafts are packaged with electric start 35 HP or 50 HP Force outboard motors (up to 85 on 2422C). Force outboards are recognized throughout the industry for excellent performance and reliability at an affordable price. Ask your dealer about the Parti Kraft/Force value package.

SWING-BACK SEAT - Allows passengers to face fore or aft. The comfortable seat cushion lifts up for easy access to the large ice chest.

HELM DOOR - Opens to a large storage area. Compact trash bag holder is built in for your convenience.

OPTIONAL BOW DOCKING LIGHTS - Are available on all Parti Krafts.

REAR SUN DECK - Area provides safe sunbathing with rear deck rails. The enclosed stern also reduces engine noise while cruising.

Parti Kraft ENSIGN SERIES

2016F — Fisherman

Family affordability yet all the features a fisherman wants.

Ensign Fisherman Model doubles your pleasure. A big 20' cruiser that will carry the whole family, yet is designed and rigged for the serious fisherman.

Twin pedestal fishing seats up front. The livewell is aerated and accessible from the bow. The pilot seat swings back and has a built-in ice chest. The center console is just right for more move-around space on a big, roomy deck of plush carpeting.

Put your fishing friends and your whole family into a Parti Kraft. Introduce them to the good life. You'll never find a better bargain.

The 24' Executive Ensign (not shown)

A great boat at a great price. With large 19" diameter pontoons and a full 20' deck, you can put 11 aboard this cruiser to picnic, sunbathe, swim or party. Featuring a convertible canopy, wide 30" safety gates, upholstered helm with storage door, weatherproof composite table, two bow lounges with storage and swivel bucket pilot's seat. There's a lot of standard equipment built into the 24' Executive Ensign.

The 20' Executive Ensign Has Room Aboard For Nine

An outstanding value. The 20' Executive Ensign has big 19" diameter pontoons and a spacious 16 foot long deck with room for 9 family and friends. Stern fuel platform, convertible canopy, 24" wide safety gates, upholstered helm with storage door, two bow lounges with storage and swivel bucket pilot's seat. Many more features are standard on this big 8' beam Executive Ensign. Ask your Parti Kraft dealer to show you one today.

ENSIGN SERIES

2016E — With Optional
Fixed Fabric Canopy

QUALITY CONSTRUCTION FEATURES

HEAVY DUTY BOLTED-THROUGH DECK TO PONTOON CONSTRUCTION - Godfrey is one of the few manufacturers using heavy bolted construction to secure the deck to pontoons. This method is far more solid and secure than conventional riveted or screwed-together assembly.

EXCLUSIVE LIFETIME WARRANTY FOR EXTENDED WOOD LIFE - The stable, pressure-treated (.40 CCA-C KDAT) plywood used in all deck and upholstery components adds many years of life to your pontoon boat and is so good that we offer the industry's **ONLY** lifetime warranty against wood rot!

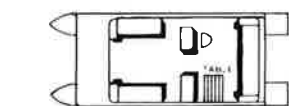

PROTECTIVE RUB RAILS - Heavy duty aluminum rub rail extrusions maximize boat strength by supporting both top and bottom of deck. Aluminum is both longer lasting and stronger for this important function.

NEW SADDLE BRACKET - New heavy-duty saddle extrusions are four times stronger and add extra stability and rigidity, with sleek good looks.

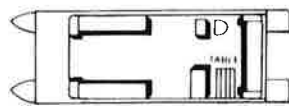

NMMA CERTIFIED - NMMA Certification assures you that the boat manufacturer is conscientiously adhering to all government and industry standards with respect to horsepower rating, flotation, capacity, ventilation requirements and running light standards.
