# The Ron Hackenberger Collection Auction

## A Candy Store of Rare, Unique, Micro, Orphan, & Amazing Cars & Trucks

For many guys, who just want one classic car in their garage to work with, one is enough. But for Ron Hackenberger, cars to him were like being a kid in a candy store and he just couldn't settle for one. For Ron, it all started with a 1948 Studebaker when he was 15 years old. He had the chance to buy his first car, a Studebaker that represented a beautiful automotive masterpiece. Ron went and borrowed the money to buy the car from his Grampa and bought that 1948 Studebaker that fueled his sweet tooth for collector cars and started his collection. That Studebaker opened the door to trading up through the years, even up to a 1956 Studebaker Golden Hawk.

Ron married Eunice and they started their life together, and their love of collecting cars, in 1962. The family grew quickly to include six daughters. Ron was a truck driver and started his own trucking company, building it up to 100 Trucks and Trailers. Ron hauled everything and while hauling, he would spot cars to bring back home to his collection. Quite often he would take a car hauler and go to the west coast looking for cars and come back with a load. The miles were packing on and he sold the trucking company. Ron, Eunice and the girls all moved to Texas and bought a ranch and raised cattle, all the while still collecting cars. Soon he was ready for another change and sold the ranch, lock, stock and cattle, and moved back to Norwalk, Ohio. He bought some properties and well, like everyone in 2008, some of his investments took a hit with the recession. Ron worked with the banks and kept his car collection together.

With the success of his real estate and businesses, he was able to buy cars as he would come across them. Ron would buy cars that were unique, unusual, rare, and "something

that you won't see every day". His collection has now grown to approximately 700 vehicles. The Studebakers are still in the collection – over 200 of them! Trucks, Pickups, Champions, Commanders, Avanti's, and even a Kaiser Darrin Roadster Project. The collection also hosted 8 & 6 door Checker Limos, Divco Milk Trucks, Ramblers, AMC, many Chrysler and Packard cars, and so many more.

The collection isn't limited to Studebakers, though, and a collection of Micro cars from BMW Isetta's, Citroens, Crossley's, King Midgets, a Rare Tatra, Borgward, Fiats, showcase Ron's love of the unusual. The collection has many foreign cars like Hondas, Jaguars, Porsche and more. There is even a space-age looking car, a Pulse, that looks like Evil Knievel would take it over the Snake River Canyon, and knowing Ron, maybe it was!

There are many cars and trucks that will be sought after by Rat Rodders, customizers such as Henry J's, Desoto, Plymouth, and even rare COE Wreckers. For the muscle guys and gals in the crowd, Ron boasts of a '65 Mustang, a '66 Dodge Charger, a '67 Plymouth Barracuda and a '57 Chevy.

The collection isn't limited to Cars and Trucks. There are John Deere and International tractors and a host of rare Studebaker buggies and wooden wagons. Ron liked everything with wheels and even has a 1947 Indian Chief motorcycle complete with sidecar, and a 1949 Harley Davidson motorcycle. Keeping true to his trucking roots that helped build his great collection, he even has a '75 Dodge Big Horn. His first Semi, a 1954 Mack will be included in the auction.

Ron was going to restore many of them for a museum in one of his properties, but realized time was slipping by and that dream wouldn't become a reality. Ron and his family have decided to let other collectors, rodders, customizers, and hobbyists enjoy his vast collection. So plan now to attend this unique auction of rare, unique and unusual collector cars, trucks, cycles, tractors, and more. The Hackenberger family wants you to enjoy them and make your own memories as they remember all their great memories with the collection.
