NOTICE OF DEFAULT

Dear Mr Clifford

Reference: M584971
Debt balance: £462.00
Debt: Home Learning College (Debt Assigned To Motormile Finance UK Ltd)

We note with regret that you have not responded to our last letter giving you legal notice that MMF now owns your debt. As such we can only consider that this matter is in **formal default**.

Please provide your repayment proposals within the next 5 days, failing which the matter will be prepared to pass to our **Home Visit Department**.

Please be advised that all of our operators here at MMF are ready and waiting to discuss the matter with you in an attempt to find a **realistic solution** to this debt. You will find us helpful and ready to listen.

However, unless you contact us to discuss the account, then there is little option open to us other than to arrange a **Home Visit** with a view to assessing your finances and living standards.

Alternatively, visit our website on www.mmile.com.

This matter needs resolving and is not going to go away.

We look forward to hearing from you.

Yours faithfully

Collections Department
