

Scott's English Success:
- Writing Task 1 Feedback -

The diagram below gives information about Scotsdale Airport in 1950 and today.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

You should write at least 150 words.

Question:

Your Answer:

The **two** diagrams highlight the main **features** **have** been changed **in** Scotsdale Airport during the period from 1950 to the present time.

The **first** diagram **describes** the main parts of the Scotsdale Airport in 1950. There was only one railway, its **end** was beside the river, and there was one main road, that one is the only way to the airport of Scotsdale. As **we** can see in the diagram, that there was only domestic airport and no international airport at that time.

The **second** diagram highlights the features **that added** to the airport in the present time. Another **railway** was added to the airport to be able to handle the take off and the landing of more airplanes every day. **Additional** building for **the** international flights was added and it was connected **with** the domestic airport by expanding the road and **add** some **buildings** as hotel and shops. The road which **connect** the domestic **road** with the international **road** **has** **bridge** over the river.

The expanding of the Scotsdale Airport **make** it a big international airport.

(177 words)

Did you answer the question?	Did your ideas flow from one to the next? Was your meaning clear?	Did you use suitable words?	Was your grammar okay?
Good! You answered all parts of the task and addressed the key features in the question. However, some ideas were not fully extended/developed. Overall, a solid response to the question. Keep studying our sample answers.	Your ideas show a clear, overall progress from one to the next however, your use of cohesive devices is sometimes unsuitable. You may need to review your use of referencing and paragraph formation. Keep studying our sample answers to improve!	A generally good level of expression evident in your answer. You used some inaccurate expression in parts and some issues with sentence structure but your ideas were still able to be understood. Keep studying our sample answers.	You have used a mixture of simple and complex sentences in your answer. Some minor grammatical errors which caused your intended meaning to be slightly affected. Keep studying our sample answers.

Additional Comments:	<p>This answer was quite well written but to achieve 7.0 or higher, you will need to improve your choice of vocabulary and grammatical range and accuracy.</p> <p>The words in red indicate a mistake.</p> <p>¶1: 'The two diagrams...' '...the main changes that have been made at the Scotsdale...'</p> <p>¶2: 'The top diagram shows the main parts...' How do you know it's the 'end' of the runway ☺ Use the passive voice in Task 1: 'As can be seen in the diagram...' (see http://answers.scottenglish.com/discussion/131/task-1-diagrams-the-passive-for-processes/p1 for further information about this).</p> <p>¶3: 'The bottom diagram... features that were added to the...' 'Another runway was added...' 'An additional terminal for international flights...' '...road and adding a hotel and some shops.' '...the domestic terminal with the international terminal has a bridge over the river.'</p> <p>¶4: We suggest you commence the final paragraph with the words, 'In summary, ...' It is not necessarily correct to judge that the Scotsdale airport is 'a big international airport.' It would be correct to state: several significant changes have been implemented at the Scotsdale airport (or something similar).</p>
