# Free information forum

*The forum was unbelievably helpful and I thoroughly enjoyed every moment of it. The information and support was great, and made me realise I am not alone. – Kate*

## TOWNSVILLE

Breast Cancer Network Australia (BCNA) presents free information sessions across Australia for people living with breast cancer and their supporters.

We hope you will join us to:

- hear from breast cancer experts about the latest in treatment and care
- learn about ways to improve your emotional and physical wellbeing from Professor Jane Turner
- hear from Raelene Boyle, Olympian and breast cancer survivor
- find out about local breast cancer services and supports available for you and your family
- meet others who are living with breast cancer.
