

120 DAY TIMELINE

REMEMBER NOONE CAN AND/OR NOONE WILL DO THIS FOR YOU _____. YOU MUST DO THIS FOR YOURSELF!

CORE TOPICS: You should date the sections on completion!

TECHNOLOGY	READ IT	VOD	TECH LABS	FULL LAB

This section should take no more than 30-45 days as it's a review of the big 6. This review is best completed in 1-4 days each. During this time, work to complete 1 to 2 full labs each week outside of the 5 used for prep. 2-3 TS labs need to be used during this time.

- Refresh yourself on the core knowledge materials related to these technologies.
- Each section should be intermixed with the VOD and/or if possible Tech Labs.
- Once starting Full Labs pick 5 full labs completing the sections related to the technologies covered in this section.

ADD-ON TOPICS: You should date the sections on completion!

TECHNOLOGY	READ IT	VOD	TECH LABS	FULL LAB

This section should take no more than 45-90 days as it's a review. This review is best completed in 1-5 days each. During this time, work to complete 2 to 3 full labs each week outside of the 5 used for prep. 3-4 TS labs need to be done each week.

- Refresh yourself on the core knowledge materials related to these technologies.
- Each section should be intermixed with the VOD and/or if possible Tech Labs.
- Once starting Full Labs pick 5 full labs completing the sections related to the technologies covered in the first section in addition to this section.

ALL OUT MISSION:

Somewhere in completing this sheet _____ you need to take the written and schedule the lab!

At this point you should have completed 10-14 full labs. Over the next few weeks you should be completing 2-3 full labs a week. Reuse all the labs already completed [**Under 4 hours per half ex. (If the lab has 16 items you should be able to do 8 under 4 hrs)**]
