	Band OH Tricep Extensions		15 to 20		
	Elbow to Knee Twist Crunch	3 - 5 supersets	10-15/side	30-60 seconds	
	Plank		30 sec		
	Sumo Squat Hold	3 - 5 supersets	30 sec	30-60 seconds	
	Marching Pelvic Lift (120 degrees)		30 sec		
	Lateral Flexion	3 - 5 supersets	10-15/side	30-60 seconds	
V-Sit Twist	10-15/side				
Stretching	Stretch	Sets	Duration	Rest Int	
	Piriformis Stretch	3/leg	20s	N/A	
	Seated Hamstring Stretch	3	20s	N/A	
	Internal R/C Stretch	2/arm	20s	N/A	

Notes:

- 1) Perform a warm-up BEFORE and stretching AFTER each workout.
- 2) Perform all movements in the order they appear.
- 3) All movements are meant to be performed in "superset" fashion. Perform both movements in the superset, then take the prescribed rest.
- 4) Perform a minimum of 3, and a maximum of 5 supersets.
- 5) Attempt to achieve the high-end of the rep/time range whenever possible (while maintaining good technique).
- 6) Rest 30-60 seconds between supersets.
- 7) Perform ALL supersets in a pairing before moving to the next pair of super-setted exercises.
- 8) Exercises should be performed as quickly as possible, maintaining proper technique.
- 9) If resistance (other than body weight) is used for a given exercise, select a weight that allows you to move through the range of motion quickly with good technique. When this resistance is no longer a challenge, increase the weight to the next increment.
