Aldemere, Windermere and Portersgate Update

Just a quick update on a few issues raised by residents in your area. Fingal cleared out a significant amount of rubbish from the greenspace at the end of Aldemere View. The crew removed 15 bags of litter as well as some bulky items which included a buggy, golf clubs and bins.

Very large trees that Edel is very worried about

Dear Councillor,

I refer to your representation made in relation to the above.

I wish to inform you that an inspection has been carried out of the tree at this location. The tree is listed for works to be carried out in the coming weeks.

Should you have any further queries in relation to this matter, please do not hesitate to contact me.

Clonsilla Road

I asked FCC to install a bin at this bus stop on the Clonsilla Rd, they said they would monitor the litter situation. Late last year the operation's department removed the weeds from the parking area at Clonsilla train station.

Notice of the proposed traffic calming scheme at Old Clonsilla Road

A notice about Bus-Friendly flat-top ramp and appropriate road signage and markings where necessary was published on Monday 19th December 2022 inviting observations and submissions.

There were 4 submissions in favour of the work and 4 submissions against the work.

This work will include a new set of pedestrian lights and was necessitated by the large number of representations both FCC and local councillors were receiving about pedestrians crossing at the dangerous bend on the Old Clonsilla Road because a section of the path has been blocked off. This unfortunately necessitated the removal of a small number of trees to improve sightlines.

The work has commenced and although it is not an option that anyone would want, the safety of pedestrians must come first.

5. Timeframe for the works

The table below gives a timeline of events.

(the timeframe assumes that the Members approve the proposal at the December ACM)

| item | Date | Description |
|------|------------|---|
| 1 | 12/12/2022 | New ESB connection applied for |
| 2 | 14/12/2022 | Proposed solution to the inaccessible footpath delivered to the Members at the December ACM. |
| | 16/12/2022 | Order placed for traffic equipment. There is a 6–8-week lead time on these materials. |
| 3 | 19/12/2022 | Ramp goes out for Public Consultation |
| 4 | 20/01/2023 | Public consultation closes |
| 5 | 26/01/2023 | Ramp public consultation outcome brought to Members to approve/reject in Januarys ACM. |
| | 30/01/2023 | |
| 6 | 17/02/2023 | All traffic related items are constructed and installed |
| | 20/02/2023 | |
| 8 | 28/02/2023 | Tree surgeon on site to remove trees and improve sightlines between new crossing points |
| | 01/03/2023 | Operations widen existing footpath and replace palisade fencing. If required the exiting mounds will be reduced in height to improve sightlines |
| 9 | 23/03/2023 | |
| 10 | 24/03/2023 | The pedestrian lights can be commissioned and made operational. The works are completed |
